

FINAL EE-1 CRUISE PLAN, PART 1

NOTE: This sequence was developed, but not flown, due to spacecraft safing events in VE-14 on 91-085 (March 26, 1991), on 91-123 (May 3, 1991), and on 91-201 (July 20, 1991). Except for brief RBS sequences, the spacecraft was under real-time control until the start of EE-2' on DOY 91-246 (Sept. 3, 1991) (BMcL -- 10/5/99)
